

# KWS ZYATT

Winter Wheat

KWS Quartz x Hereford

SEEDING  
THE FUTURE  
SINCE 1856

## The Dynamic Wheat that's out of this world!

DYNAMIC  
WHEATS

- The UK's highest yielding Group 1 breadmaking wheat
- Excellent disease resistance, including good *Septoria* and Pch1
- Superb second wheat

KWS Zyatt is a very exciting Group 1 winter wheat; combining an excellent yield of 101% of controls, with high protein levels and good agronomics. It has the highest Group 1 untreated and treated yields on the Recommended List. Its functional disease profile is further highlighted with Pch1 eyespot resistance.

In addition to these excellent features, KWS Zyatt has 6% higher yields as a second wheat than Crusoe and a positive **ukp** status. KWS Zyatt is also very suitable for export, allowing you to reach an even wider range of markets.

It truly is the Dynamic Wheat that is out of this world!
