

BUTTERFLY

Oilseed Rape

SEEDING
THE FUTURE
SINCE 1856

Metamorphose your yields!

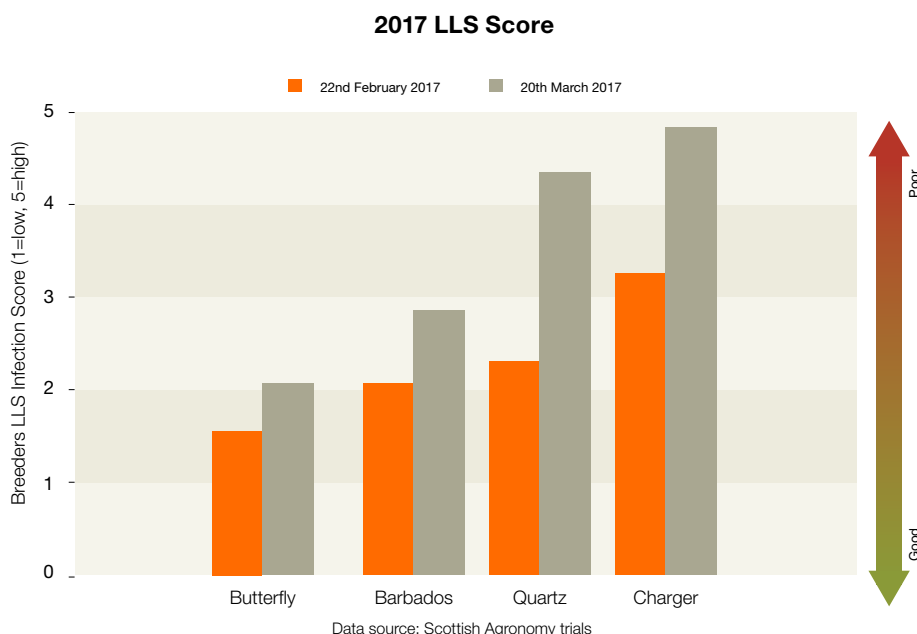

- Strong northern performance
- Good all round disease resistance package
- Mid flowering and mid-late maturity
- Suitable for early drilling

Butterfly is an excellent, all round variety added to the North Recommended List in 2018/19.

It combines high yields with superb standing and stem stiffness. With phoma and light leaf spot, now a truly national disease, Butterfly offers good resistance for both diseases, with scores of 6 for LLS and 7 for stem canker.

Butterfly has early flowering and medium/late maturity and its growth habit is suited to the early-mid drilling slot.
