

KWS IRINA

Spring Barley
Conchita x Quench

SEEDING
THE FUTURE
SINCE 1856

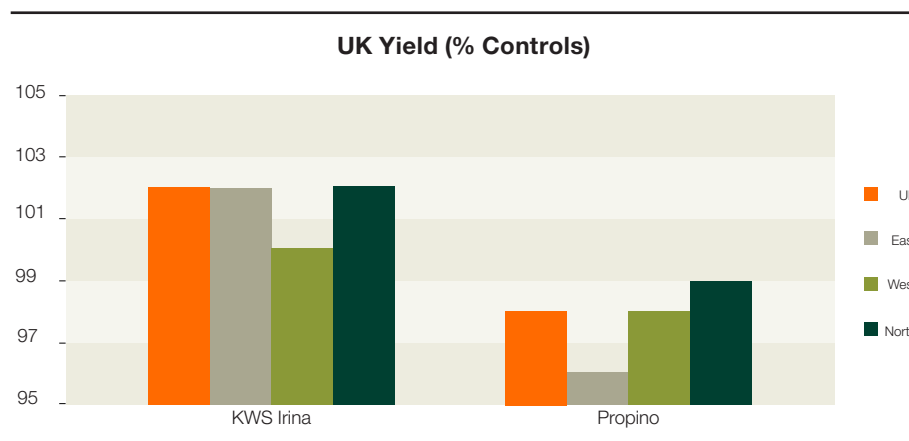

Lifting the lid on yields!

- High yielding spring malting barley
- Tried, tested and grown across Europe
- Stiffest straw and best brackling score compared with current Recommended varieties

Ideal variety for new spring barley growers on non-traditional spring barley land.

KWS Irina is an exciting pan-European malting barley with wide acceptance in both the European malt and UK feed markets. KWS Irina combines low screenings, excellent agronomy, yield and end use potential.

KWS Irina has a strong performance in the field offering growers high yields and a good all round agronomic package. It is high tillering, has mid to early maturity, no significant disease weaknesses and very good lodging resistance.

KWS Irina	
Yield (%)	
UK	102
East	102
West	100
North	102
Disease	
Mildew	[9]
Yellow Rust	[6]
Brown Rust	4
Rhynchosporium	5
