SEEDING
THE FUTURE
SINCE 1856

King of kernel content!

- Outstanding kernel content
- High yielding
- Very early to mature

WPB Elyann is an exciting spring oat! It offers high yields and the best kernel content of any recommended varieties (77.0%). Not only that, it will be one of the first varieties to mature ripening ahead of all other listed varieties.

As well as good agronomics, it has wide market appeal. WPB Elyann is already generating strong interest from the millers, as it has the right attributes for the milling market.
