

KWS CASSIA

Winter Barley

(Eden x Carat) x Saffron

SEEDING
THE FUTURE
SINCE 1856

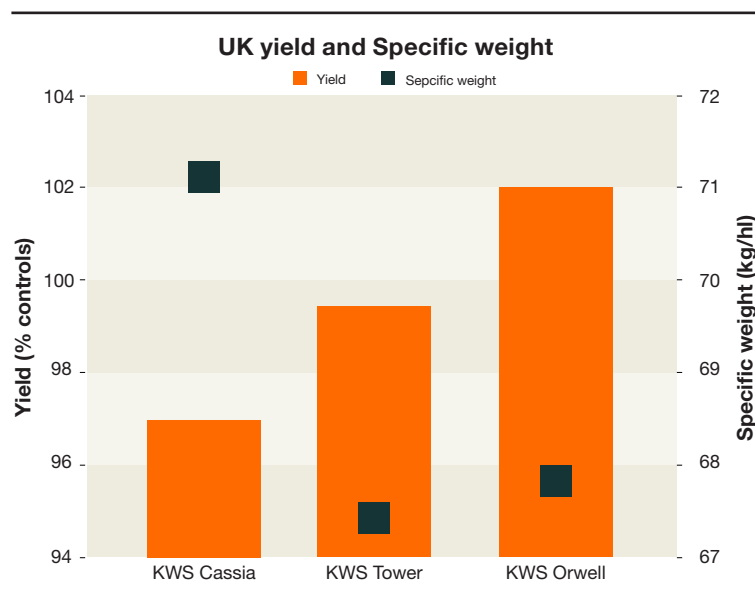

The ever-dependable feed barley

- Still the highest specific weight on the RL
- Stiff strawed
- Easy to grow and proven on farm

An ever popular bold-grained variety, KWS Cassia is still grown across more than 10% of the UK winter barley area.

KWS Cassia is free-tillering and easy to grow. Its ability to hold on to green leaf through the grain-fill period helps boost yields.

KWS Cassia is medium height, stiff-strawed, requiring a standard PGR regime to ensure security in the field.

KWS Cassia	
Yield (% treated controls)	
UK	97
East	97
West	97
North	98
Disease	
Mildew	4
Yellow Rust	[5]
Brown Rust	7
<i>Rhynchosporium</i>	5
Net blotch	6
BaYMV	R
Agronomy	
Screenings (% through <2.25mm)	1.6
Screenings (% through <2.5mm)	5.3
Resistance to lodging	7
Maturity (+/- KWS Orwell)	0
Height (cm) with PGR	88
Sp.Wt (kg/hl)	71.2
