

KWS DAWSUM

(KWS W383)

Winter Wheat

KWS Kerrin x Costello

SEEDING
THE FUTURE
SINCE 1856

A barn-busting D-awesome variety!

- Excellent yield potentials across all regions of the UK
- Exceptional specific weight (80.1 kg/hl)
- Super flexible on-farm with one of the widest sowing windows on the market

Excellent barn-filling choice. It offers growers the ultimate in flexibility on-farm, delivering fantastic yields right across the early, mainstream and late sown slots (106%, 114% and 108% in KWS trials sown September, November, and January, respectively).

Couple these benefits with the excellent disease package including 6.3 for *Septoria* and 9 for yellow rust plus the exceptionally marketable grain and you have a truly D-awesome variety which will earn itself a place on every farm.
