

KWS SISKIN

Winter Wheat

KWS Sterling x CPBT W134

SEEDING
THE FUTURE
SINCE 1856

#SuperSiskin - with great versatility comes great opportunity

DYNAMIC
WHEATS

- Excellent *Septoria tritici* at 6.5
- Superb physical grain quality
- Vigorous growth habit with wide sowing window

KWS Siskin is so versatile, it can grow anywhere across the farm. Combining high yields, exceptional hagberg, strong protein (12.7% from milling trials) and its positive ukp status - KWS Siskin opens multiple end markets for farmers, unlocking premiums for their shed load of grain.

In addition it is consistent across soil types and performs well as both a first and second wheat. KWS Siskin has one of the best *Septoria tritici* scores of 6.5 on the RL list and scores high for mildew and yellow rust, thus highlighting the disease profile farmers can expect from KWS Dynamic Wheats.

	KWS Siskin	Skyfall	Graham
Yield (% treated controls)			
UK	100	97	102
