

AUGUSTUS KWS

Ultra Early: FAO 160

SEEDING
THE FUTURE
SINCE 1856

KWS

A born leader!

Characteristics / Quality

- No.1 DM yield in its segment – (94%) across all marginal sites
- Rapid early vigour (7.1)
- Full cob sheath coverage
- Excellent starch (36.8%) and ME content (11.78 MJ/Kg)

Data source: NIAB Forage Maize Descriptive List. First choice varieties for less favourable sites (2022).

AUGUSTUS KWS

delivers high starch content silage, ideal for all TMR systems, where short season maturity is essential.
