

KWS MARCOPOLO FAO 190

Early/Maincrop

In Your Field...

KWS MARCOPOLO

fills you with confidence by providing incredible yields and balanced starch content, making it an excellent option for high maize inclusion diets in both beef and dairy herds

Your high yield hero!

Characteristics / Quality

- Astounding yield performance with 19.9 t/ha DM (104%)
- Starch content (31.8%) well suited for high maize inclusion in rations
- Excellent choice for high energy feed (11.54 MJ/kg) to elevate milk yield and daily live weight gains
- Rapid early vigour (7.0)
- Highly flexible variety for drilling date and harvest
- Best suited to high maize inclusion diet (50-70%)
- Suitable for silage and biogas
