

myKWS

Take advantage of our digital expert advice so that you can achieve optimum yields (at the end of a season).

NEW
with personal
homepage

From sowing to harvesting - thousands of farmers in the UK make use of the diverse possibilities offered by our digital advice.

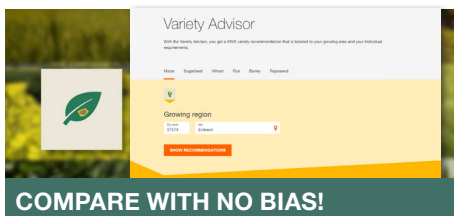

EVERYTHING IN ONE PLACE

See variety recommendations from crops of your choice all in one place; no more jumping from webpage to webpage.

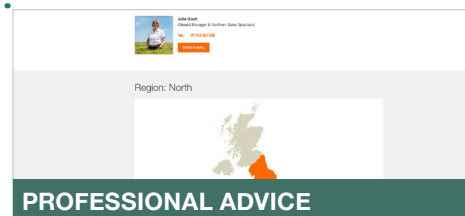

TRY SOME TOOLS

More tools will be coming soon, but in the meantime, you can try things like seed rate calculators and the pest and disease finder.

COMPARE WITH NO BIAS!

Our neutral variety comparator includes all recommended varieties (not just ours!), so you can see all the key information you need.

PROFESSIONAL ADVICE

Contact your local consultant for a personal consultation. Receive up-to-date specialist information by e-mail.
